EDUCATION

University of Colorado Boulder

Bachelor of Science in Computer Science, Minor in Business; GPA: 3.85

Boulder, CO

Aug. 2024 – May 2028

EXPERIENCE

Head Student IT Technician

University of Colorado Boulder – Leeds School of Business

Aug. 2024 – Present

Boulder, CO

- Provide first-level technical support to a user base of 5000+ students, faculty, and staff
- Assist with the installation, configuration, and maintenance of over 250 computer systems and peripherals
- Lead and mentor a team of 6 students, providing guidance on best practices for technical support and service

Software Developer Intern

Oasis Dental

May 2025 – Aug. 2025

Aurora, CO

- Implemented website features and functionalities to enhance patient engagement as well as internal operations
- Collaborated with marketing and design teams to translate business requirements into effective web solutions
- Executed SEO initiatives increasing clicks by 11.6% (724) and search impressions by 17.5% (105k) in 90 days

Sales Associate Keyholder

Movado Company Store

May 2024 – Aug. 2024

Thornton, CO

- Generated \$50,000 in sales and exceeded targets by providing customer service and training team members
- Oversaw inventory processes including receiving shipments, conducting stock counts, and maintaining records
- Managed opening and closing procedures as well as deposits and register reconciliations to company policy

PROJECTS

Dynamic Data Structures Library

University of Colorado Boulder

Jan. 2025 – May 2025

Boulder, CO

- Developed a modular C++ library implementing linked lists, stacks, queues, and binary search trees from scratch
- Optimized data manipulation operations through pointer-based memory management and efficient algorithms
- Created interactive console visualizations for debugging and testing dynamic memory behavior

3D Physics Ball Roller Game

Personal Project – Unity and C#

Nov. 2024 – Dec. 2024

Boulder, CO

- Designed a 3D physics-based puzzle game simulating realistic ball rolling mechanics and collision responses
- Implemented camera controls, level design, and force-based player movement using Unity's physics engine
- Built a user interface for level tracking and performance metrics to improve player engagement

COMMUNITY INVOLVEMENT

Representative

School Board of Directors Meetings

Oct. 2023 – May 2024

- Planned and managed 5 presentations given to school's directors, administrators and charter renewal council
- Presented the perspective of a 2,000+ student body on academic, cultural, and policy-related issues
- Collaborated with stakeholders to address student needs and spearhead long-term initiatives

Representative

District Superintendent Meetings

Apr. 2023 – May 2024

- Represented own school at the district level with the superintendent and other school leaders
- Proposed a full-day Wednesday schedule based on community interest, leading to its permanent adoption
- Participated in discussions about Adams 12 educational policies and strategies
